EDUCATION

Course	College / University	Year	CGPA / %
B.Tech (ECE)	Netaji Subhas University of Technology	2027	7.68
CBSE (Class XII)	Sant Gyaneshwar Model School	2023	88.8
CBSE (Class X)	Indirapuram Public School	2021	93.4

PROJECTS

- **IOT based Number Plate Detection using ESP-32**
 - Developed an IOT-based number plate recognition system using an ESP32-cam integrated with ultrasonic sensors and OLED display for automated vehicle detection
 - Designed an Express server to provide API endpoints for image verification and capture images from a React dashboard
 - Integrated a python script based on yolo recognition model and OCR for extracting number plates
 - Embedded: Arduino IDE, Software: Express.js, React, TailwindCSS, OCR, YOLO model, Python
- **Weather App**
 - Built a full-stack weather application using React, Node.js, Express, and MongoDB.
 - Integrated OpenWeatherMap API to fetch real-time weather data by location.
 - Managed global state using Redux Toolkit, with Axios for API handling.
 - Stack: React, Redux Toolkit, TailwindCSS, Node.js, Express.js, MongoDB, JWT, Axios, OpenWeather API
- **Turbotyping – Real-Time Typing Speed Platform**
 - Developed a full-stack real-time typing platform supporting both single-player and multiplayer modes
 - Implemented live WPM/accuracy tracking with keystroke-level analysis and test completion logic
 - Built modular test modes (timer-based and word-count) with dynamic prompt generation from word banks and external APIs
 - Designed secure authentication, user stats tracking, and leaderboard features using React, Redux, Express.js, and MongoDB

ACADEMIC ACHIEVEMENTS

- Secured a position in the 97.4th percentile in JEE Mains

OTHER INFORMATION

- **Programming Languages:** JavaScript, Python, C++
- **Technical Skills & Tools:** Web Development(React, Express.js, Node.js, HTML, CSS, MongoDB), Linux Development, Git
